I certify that all the information that I have given in this application is accurate to the best of my knowledge, and I agree to observe all rules and regulation of Tri-County Community College (TCCC). I further agree to allow TCCC to publish personal directory information pertaining to honor rolls, scholarships, athletic events, news releases and to use personal directory information and photos in other publications normally considered to be that of a two-year college. All students enrolling at TCCC shall be deemed to have agreed to publication of personal data and photos as indicated above unless a disclaimer is submitted to the Registrar by the tenth day of the semester in which the initial enrollment is made. I further agree that my end of semester grades, during my dual enrollment, to be released to the appropriate personnel at the *current high school listed above.

For Office Use Only Con. Ed. (Non-GED) Dual Enrollment (T90980) Huskins (T90970)

Revised 02/09

NOTE: Concurrently enrolled students will be responsible for payment of all fees and any required textbooks, but will be exempt from tuition.

A currently enrolled high school or home schooled student may enroll in courses at Tri-County Community College if the student::

1. Submits a TCCC Application for Admission, school transcript, and appropriate placement test scores (Accuplacer or SAT).
2. Obtains approval of courses by school principal and the TCCC Director of Concurrent Enrollment.
3. Meets the following:
 - a. Be taking at least two courses at his/her school (three courses if not on block scheduling).
 - b. Be making appropriate progress toward graduation as determined by the school principal.
 - c. Be 16 years of age or older to enroll in non-Huskins classes.

A student who meets the above criteria is exempt from tuition for curriculum courses BUT NOT EXEMPT from tuition and fees for continuing education courses. Each student is responsible for the cost of books and supplies for all classes.

It shall be the policy of the State Board of Education and the Department of Community Colleges to encourage young people to complete high school before seeking admission to community colleges. Selected high school students may be admitted to appropriate courses in a community college under the following conditions:

1. Require approval of the local board of trustees and the local board of education upon recommendation by the community college president and the school superintendent.
2. Restrict participation to students 16 years of age and older upon the initiation of such action by the public school. Students under 16 years of age may be admitted under certain conditions. Please consult Admissions Office for requirements.
3. Require joint approval of individual student programs by the principal of the secondary school and the admissions office of the community college.
4. In order for a high school student to enroll concurrently in a community college, that student must be taking at least two courses at his/her high school and be making appropriate progress toward graduation as determined by the school principal.
5. High school students shall not displace adults but will be permitted to fill in as space permits. Classes at community colleges shall not be started solely for high school students. However, once admitted these students should be treated as all other students.
6. It is the policy of Tri-County Community College to waive the tuition for any high school student taking curriculum courses under a cooperative program agreement (Huskins Bill) or through the dual enrollment provision noted in NCAC 2C.0305 (c). If a high school student does not take a curriculum course through a cooperative program agreement or does not meet the requirements of the dual enrollment provisions noted in NCAC 2C.0305 (c), the student is not eligible to receive a tuition exemption.

Note: State law prohibits high school students from enrolling in developmental/remedial courses.
