# A.A.S. IN SCHOOL AGE EDUCATION

**(A55440)** This curriculum prepares individuals to work with children in elementary through middle grades in diverse learning environments. Students will combine learned theories with practice in actual settings with school-age children under the supervision of qualified teachers.

Course work includes child growth/development; computer technology in education; physical/nutritional needs of school-age children; care and guidance of school-age children; and communication skills with families and children. Students will foster the cognitive/language, physical/motor, social/emotional, and creative development of school-age populations.

Graduates are prepared to plan and implement developmentally appropriate programs in school-aged environments. Employment opportunities include school-age teachers in child care programs, before/after-school programs, paraprofessional positions in public/private schools, recreational centers, and other programs that work with school-age populations.

Students may be required to take one or more Developmental courses as a result of pre-enrollment placement tests; therefore, the student may need more than the minimum number of contact hours listed for graduation. Admissions criteria same as for Early Childhood Education.

Fall Semester 1			Lecture	Lab	Credit
ACA	122	College Transfer Success <i>OR</i>	0	2	1
ACA	111	College Student Success	1	0	1
EDU	281	Instructional Strategies in Reading & Writing	2	2	3
