

## Procedure 5.1.1.2 Student Services: High School Enrollment

**TRI-COUNTY  
COMMUNITY COLLEGE**

**STUDENT SERVICES  
HIGH SCHOOL STUDENT  
ENROLLMENT**

**PROCEDURE  
5.1.1.2**

---

### **I. Enrollment of High School Students (non-degree seeking)**

The College provides seamless opportunities for high school students to get a head start with their college education by enrolling in eligible pathways through Career and College Promise (“CCP”). Enrollment in identified courses is available to students enrolled in public and private schools (including home schools) through articulation agreements between the school system and the College and approved by the North Carolina Community College System Office.

### **II. CCP Overview**

CCP provides seamless dual enrollment educational opportunities for eligible North Carolina high school students to accelerate completion of college certificates, diplomas and associate degrees that lead to college transfer or provide entry-level job skills. The College offers the following CCP pathways aligned with the K-12 curriculum, career and college ready standards adopted by the State Board of Education:

- A. College Transfer Pathway, requiring the successful completion of thirty (30) semester hours of college transfer courses, including English and mathematics, for qualified junior and senior high school students;
- B. Career and Technical Education Pathway, leading to a certificate or diploma aligned with one or more high school Tech Prep Career Clusters; and
- C. Cooperative Innovative High School Pathway.

Tuition is waived for CCP students; however, all CCP students taking classes on-site at the College or online through the College, except for those in Cooperative Innovative High School Programs, must purchase their own textbooks and supplies required for their classes. Transportation for high school students will not be provided by the College.

The College will develop specific and uniform admission’s criteria and program requirements for CCP enrollment.

### **III. Exclusive College Programs for Minors**

Unless they are participating in a CCP program, the College cannot offer enrollment options for students who are under the age of sixteen (16) unless they have earned a high school diploma.
