SATISFACTORY ACADEMIC PROGRESS (SAP) APPEAL FORM

In order to be considered for appeal in a given semester, a student's SAP Appeal Form must be received by the published start date of the class(es) the student plans to re-enroll. The student may provide documentation to support the mitigating circumstance(s) that negatively impacted the student's ability to make SAP. Once the SAP Appeal Form and all documentation have been received, the Financial Aid Office will review the appeal.

Questions regarding your financial aid eligibility should be referred to the Financial Aid Office.

Please state the mitigating circumstances as to why you did not meet SAP or complete your program (you may attach supporting and appropriate documentation).

Please explain why you feel your financial aid should be reinstated. For example, what has changed to allow you to regain SAP or assist in completion of your program of study.

Please describe your educational goals and how you plan to meet those goals.

To the best of my knowledge, the information stated above is true and correct. I understand that my appeal may be reinstated or denied and the Financial Aid Committee's decision is final.
