A.A.S. IN COSMETOLOGY

(A55140) The Cosmetology curriculum is designed to provide competency-based knowledge, scientific/artistic principles, and hands-on fundamentals associated with the cosmetology industry. The curriculum provides a simulated salon environment which enables students to develop manipulative skills.

Course work includes instruction in all phases of professional imaging, hair design, chemical processes, skin care, nail care, multi-cultural practices, business/computer principles, product knowledge, and other selected topics.

Graduates should qualify to sit for the State Board of Cosmetic Arts examination. Upon successfully passing the State Board exam, graduates will be issued a license. Employment is available in beauty salons and as skin/nail specialists, platform artists, and related businesses.

Students may be required to take one or more Developmental courses as a result of pre-enrollment placement tests; therefore, the student may need more than the minimum number of contact hours listed for graduation.

The North Carolina State Board of Cosmetic Art will not accept any hours that are over five years old. Therefore, it is the decision of the cosmetology department not to accept any curriculum credits for cosmetology classes that are over five years old.

Students who attend the College from out of state should be aware that the College has not made a determination whether programs or courses which lead to state licensure or certification meet educational requirements outside of North Carolina. Examples of such programs are Basic Law Enforcement Training, Cosmetology, Emergency Medical Science, Esthetics, Nursing, and Therapeutic Massage.
